In September 2017, organizations within the Nevada State Alliance of Boys & Girls Clubs began providing **Triple Play** and/or **SMART Moves** programming funded by the Senate Bill 550 appropriation.

**LIST OF ORGANIZATIONS IN THE ALLIANCE**

- Boys & Girls Clubs of Elko
- Boys & Girls Club of Mason Valley
- Boys & Girls Clubs of Southern Nevada
- Boys & Girls Clubs of the Colorado River
- Boys & Girls Club of Truckee Meadows
- Boys & Girls Clubs of Western Nevada
- Nellis Air Force Base Youth Center
In the past year, **SB550** has provided two key programs to nearly 7,000 youth, **Triple Play** and **SMART Moves**.

**Triple Play** is one of Boys & Girls Clubs of America’s national programs that is designed to demonstrate how eating smart, keeping fit and forming positive relationships add up to a healthy lifestyle for Club members ages 6-18. It is a multi-faceted program designed to help youth become healthy, active and learn new ways to handle stress, maintain a healthy body and form positive relationships.

**SMART Moves** is designed to teach youth, through fun, high-yield activities, how to abstain from, avoid, and resist engaging in risky behaviors. The program addresses age-appropriate issues and provides information and skills needed for youth to adopt the attitudes and behaviors necessary to lead healthy, fulfilling lives. **SMART Moves’** comprehensive strategy helps young people better navigate the challenging path from childhood to adulthood by providing information about substance abuse and premature sexual activity.

The above data represents unduplicated participants for the time period September 1, 2017 through May 31, 2018.
